Re: FLEXCON ONLINE TANKS COME IN KITS

During 2010, the Well-rite Online tanks (WRXX-OLC) will be transitioned to a kit. There are kits (OLCXXKIT) available that will convert a Well-rite Tank (WRXX) to an Online tank and can still provide a replacement tank for any online tanks in the field. The tank conversion kits will be available as we deplete the inventory of the online tanks. The part numbers of the tank conversion kits are as follows:

Kit Part#	Kit Model#	Description
#79950	OLC16KIT	Used for 16" Tanks
#79951	OLC21KIT	Used for 21" Tanks
#79952	OLC26KIT	Used for 26" Tanks

Below is the cross-reference of Online tanks (WRXX-OLC) with their replacement tanks (WRXX) and conversion kits (OLCXXKIT).
